To ABE/ELL Coordinator:

I am delighted to endorse Jan Zebrack's Amazing Analogies textbook. We began using this textbook as a supplemental tutoring tool and also as a text in our HSE Foundations class in August of this year. The response to this text by tutors, instructors and students has been overwhelmingly positive. The bright, multi-cultural and colorful photographs have been useful in explaining analogies especially for our ELL students. These visuals are a stepping stone to understanding more sophisticated analogies and developing their own.

It is our honor at TMCC to be supporting a local author with a passion for education, the beauty of a picture and the power of the written word. Please do not hesitate to contact me should you have any questions or require further information.

Sincerely,
